Bhagavan Sri Bahubali at Venur

The Ajila ancestry of Venur is important among the rulers who ruled Dakshina Kannada. Veera Thimmanna Ajila IV installed the historically famous statue of Sri Bhagavan Bahubali at Venur in 1604 A.D. The height of this monolithic statue is 35 feet. The long limbs, rounded lips, little bent nose, down bent checks, measured neck, beautiful wavy hair, hanging ears, half opened eyes and the smile on the face have made the statue unique and most attractive. The statue stands as a symbol of universal non - violence and love and affection.

The previous Mahamasthakabhisheka was held in 2000 after 44 years. Now again after a gap of 12 years the Mahamasthakabhisheka is being held....
